Dear Mr. Breitkreuz:

I wish to thank you for your letter of October 30, 2003 regarding your concerns about the Canadian Firearms Program and more specifically, whether or not our Office would include information about the government's implementation of the firearms regulations in our next Status Report to Parliament.

Earlier this year, I advised the House of Commons Standing Committee on Public Accounts that our Office will consider doing a value-for-money audit on the firearms program when the program has been operating at a steady state, which Justice Canada has indicated could take three to four years.

In the meantime, I would like to thank you again for bringing these issues to my attention.

Yours sincerely,

Sheila Fraser, FCA
