

Total Victims of Robbery Incidents by Weapon Used and Level of Injury, 2000

%	Fully automatic firearm	Sawed-off rifle / shotgun	Handgun	Rifle / shotgun	Other firearms¹	Knife	Club / Blunt instrument	Other weapon²	Physical force	Grand Total / number
Unknown ³	0%	1%	7%	0%	0%	12%	3%	46%	31%	1484
No injuries	1%	1%	17%	1%	1%	25%	4%	14%	35%	3091
Minor physical injuries	0%	0%	3%	0%	0%	9%	6%	22%	59%	5090
Major physical injuries	0%	0%	9%	0%	0%	18%	18%	24%	31%	799
Death	0%	0%	0%	0%	0%	0%	0%	0%	0%	0
Grand Total number	0% 27	1% 58	8% 862	1% 67	1% 56	15% 1578	6% 626	23% 2411	46% 4779	100% 10464

¹ Other firearms include all firearms-like weapons (e.g. starter pistols, flare gun, pellet gun) as well as unknown types of firearms.

² Other Weapons include weapons such as poison or motor vehicles and where a weapon was present but its type was unknown.

³ Unknown is scored where level of physical injury could not be determined even though weapon/physical force was used.

Source: Incident Database UCR2, Uniform Crime Reporting Survey, Policing Services Program, Canadian Center for Justice Statistics. The UCR2 is non-representative sample of 166 police services, representing 53% of the national volume of crime.
